

## SUMMARY

Highly motivated and currently pursuing B.E(C.S.E) at Chitkara University, expected to graduate in 2025. Strong academic background with a focus on web development. Proficient in Html,css,javascript and java, and eager to leverage my knowledge and passion for your field to contribute to leading company, such as Google, Amazon or Microsoft in Full-Stack Development.

### EDUCATION

**Chitkara University**  
Bachelor's Degree in Engineering [CGPA 9.6]  
2021 – 2025

**Indo British School**  
School education from primary to end of schooling 2006-2021 [93.6]

### TECHNICAL SKILLS

- C/C++
- JAVA
- Node JS
- UI/UX Designing
- Video Editing
- Cyber-Security
- Linux

### CERTIFICATIONS

- Introduction to Cybersecurity(CISCO Networking Academy)
- Advanced Google Analytics(Google Analytics Academy)
- Next Gen Technologies(Infosys)
- Introduction to Python(Coding Ninjas).

### PROJECTS

**Portfolio**  
Designed a webpage using HTML,CSS and media query for making it responsive.  
Tech stack : HTML,CSS

**Music Player**  
Designed and developed a Music Player application with a user-friendly interface, leveraging my skills in HTML and CSS. This project showcased the smooth audio playback and playlist management.  
Tech stack : HTML,CSS

**Faculty Management System**  
Designed and developed a comprehensive Faculty Management System to streamline administrative tasks, track faculty performance, and improve communication within the institution and implemented user feedback to improve system functionality using HTML,CSS and JAVASCRIPT.  
Tech stack : HTML,CSS,JAVASCRIPT

**Task Manager**  
Designed, and developed an efficient Task Manager application, emphasizing my expertise in front-end technologies such as HTML, CSS, JavaScript. The project demonstrates my skills in creating an intuitive user interface for task organization and management. Additionally, it showcases my ability to implement robust task tracking and scheduling features, aligning with modern productivity needs.  
Tech stack : HTML,CSS,JAVASCRIPT

### COURSES

Data Structures and Algorithms: Deep Dive Using Java
